

2020 Conference Announcement of 15th International Conference on Neurology, Neuroscience and Neuromuscular Disorders

Hanan Alatawi

Professor, Department of Biological Science, King Abdulaziz University, Saudi Arabia, E-mail: hanao01@hotmail.com

Information about the previous conference

On completion of successfully organizing 2019 conference with prominent scientists and keynote speakers. The conference was a huge success which unites a one of a kind and worldwide blend of substantial and medium Neurology and symptomatic or diagnostic organizations, leading universities and clinical research companies making the meeting an ideal stage to share understanding, encourage coordinated efforts crosswise over industry and the scholarly community, and assess rising advancements over the globe.

The main objective of the conference is to bring together Neurologists, experts in child development and other specialists to exchange their ideas and knowledge between the different disciplines for facilitating research and clinical interdisciplinary collaborations

About Conference

On the behalf of [Organizing Committee](#), we extend our warm welcome to the entire participant for the “[15th International Conference on Neurology, Neuroscience and Neuromuscular Disorders](#)” in the month of **November on 23-24, 2020** in the most loveable city of **Rome, Italy**. [Neurology Conference 2020](#) has an intriguing theme “Scientific advancements and explorations in the field of Neurology and Neuroscience”.

We are very delighted to bring it in your notice [Neurology Conference 2020](#) is the conference hosted and operated by the experts from around the globe having expertise in various area of [Neurology](#) and [Neuroscience](#). This conference will bring eminent personalities, scientists, doctors, professors, associates, exhibitors, business persons, neurologists, neuroscientists, from the various corners of the world together under one roof to share their [knowledge](#) and [research](#) with each other to benefit one another and to utilize those researches and knowledge in good for [Humanity](#).

As of today, [Neurological disorders](#) and [problems](#) are becoming fierce regarding this we have to come together and spread the [knowledge](#) and [awareness](#) among other and societies, so that we can fight and be mentally prepared to confront these diseases. [Neurology Conference 2020](#) appeals to you to participate in this conference as much as you can by various means so that we can put you efforts in good faith.

[Neurology Conference 2020](#) is organized by EuroSciCon Ltd, which provides various opportunities to get participated in this esteemed conference.

Opportunities at the conference:

- Keynote Speech
- Oral Presentation
- Video Presentation
- Poster Presentation
- Young Research Forum
- Student Poster Presentation
- Exhibition
- Sponsorship
- Delegate
- Collaboration opportunities
- Business networking

Why to attend?

Every time, this question clicks in every mind. [Neurology Conference 2020](#) aims to bring the [Neurologists](#), [Neuroscientists](#), Doctors, Medical Practitioner, Psychiatrists, [Neurosurgeons](#), Neuroradiologists, Business Face, Students, Post-doctorates and academic professional from various countries from the Earth to share what is there experience, study, research, knowledge and the products in the path of [Neurological Disorders](#), their cure, diagnosis to develop various techniques and to use Neurogenetics and Neuroimmunology to design novel drugs and pharmaceuticals for good purposes.

[Neurology Conference 2020](#) will provide an international platform to scientific, academic and other researcher to spread their knowledge worldwide. Some key points:

- Platform to showcase the research
- Workshops, Expo areas, Sessions
- Networking with colleagues
- Keynote speech by Professors and Eminent Personalities
- Educational Workshops
- Interaction with well-established companies in the world
- Having exposure to new technologies and advancements in the field
- And many more...

Target Audiences:

- Neurologists
- Neuroscientists
- Psychiatrists
- Psychologists
- Professors, Associate Professors, Fellows, Residents
- Young researchers, students
- Neurosurgeons
- Healthcare Professionals
- Business Personalities, Industrial experts
- Common people interested in Neurology and Neuroscience
- And Others...

Neurology Conference 2020 will concentrate on how to promote excellence in Neurology research and child health which offers an exceptional open door for specialists across the globe to meet, organize, and see new logical developments. The current year's Neurology Conference 2020 features the subject, "Innovations and Excellence in Neurology & Research" which mirrors the noteworthy advance in Neurology Research. The two days meeting incorporates Neurology congress 2020 workshops, symposiums and extraordinary keynote sessions directed by famous and prestigious speakers who exceed expectations in the field of Neurology 2020. This worldwide Neurology Conference 2020 additionally supports the dynamic interest of youthful understudies, forthcoming analysts and growing researchers as we are facilitating World Neurology Congress 2020 Poster Award Competition and Young research Forum at the gathering venue.

This meeting will allow the attendees to acquire these new updates and share their experiences with well-recognized speakers globally. We look forward to seeing you at this meeting and we are sure you will find it an outstanding educational opportunity located in heavenly London, UK.

Glimpses of Neurology Conference 2019

Details about the conference:

The Neurology Conference 2020 aims in bringing Neurologists, Neurology Exhibitors together from different parts of the world. Neurology Congress conference aims to create a platform to have a knowledgeable discussion. The Neurology conference has keynote sessions, hands on workshop, symposiums, special session, speakers, and poster presentations.

Conference Highlights:

- Neurology
- Neurophysiology
- Child Neurology
- Central Nervous System
- Neuro Muscular Disorders
- Neurosurgery
- Neuroimaging and Radiology
- Clinical Neurology
- Neuropharmacology
- Neurogenetic and Neurometabolic disorders
- Nursing Care in Neurology
- Neurotherapeutics, Diagnostics and Case Studies
- Spine Disorders
- Neuroplasticity
- Neural Engineering
- Advancements in Neurology
- Neuropathology
- Psychiatry
- Neuro-Oncology
- Neuro Imaging
- Neuro Toxicology
- Neuro Surgery
- Pediatric Neurology
- Neuro Cardiology
- Neurological Disorder Treatments
- Neuro Immunology
- Robotic Neurosurgery
