

9th International Conference on Neurological Disorder and Stroke

George Perry

The University of Texas, USA

Abstract

9th International Conference on Neurological Disorders and Stroke was a successfully executed on February 28-29, 2020 at Rome, Italy.

The global crowd who showed their gracious presence at Stroke 2020 belonging to the diverse field of Neurology and Neurological Disorders contributed to make it successful.

The event was organized at Holiday Inn Aurelia, Rome and was accompanied by 7th International Conference on Brain Disorders and Therapeutics at the same hotel over same dates.

The attendees had a great time to interact and utilize the opportunity to network to the people from all around the world from the diverse field of Neurology, Neuroscience, Stroke, Neurological disorders and their related treatments.

The conference had an efficacious echo of talks over the theme "Innovations in Diagnosis, Therapeutics and Rehabilitation of Neurological Disorders and Stroke"

Stroke 2020 Organizing Committee would like to thank George Perry | University of Texas | USA and the other Organizing Committee Members as well along with the onsite Co-Ordinator. The conference was glorified by the following special and keynote talks by:

Fatten Elkomy | New Horizon Institute | USA Robert Egan | MultiCare Rockwood Clinic | USA Jacqueline London | Paris Diderot University | France Caterina Guiot | University of Torino | Italy Hitoshi Sakano | University of Fukui | Japan Ivet Borissova Koleva | Medical University of Sofia | Bulgaria Sylva Sarafidou | Bangor University | Greece Ching-Kuan Liu | Kaohsiung Medical University | Taiwan Few of our Eminent Speakers are: Malvina Garner | University of Saarland | Germany Maria Joao Vieira | Centro Hospitalar Leiria | Portugal Fotios Kalfas | Padua University Hospital | Italy Michela Campolo | University of Messina | Italy Irene Paterniti | University of Messina | Italy Veronika Ketermina | Kuban State University | Russia Gisele Huf | Oswaldo Cruz Foundation | Brazil Galina Zadorina Negoda | First Moscow State Medical University | Russia Shaikha Al-Shokri | Hamad Medical Corporation | Qatar Enrico Bignetti | University of Parma | Italy Chika Okwuolisa | Brain and Spine Foundation | Africa

Assunta Pelosi | Sanofi-Aventis R&D | France

Bernadeta Szweczyk | Maj Institute of Pharmacology | Poland

The attendees have a great time at Stroke 2020, London enjoying great talks, exhibition and dispersed for High Tea and lunch break in between. The event ended with closing ceremony with distribution of certificates and mementos with the motto that "future will be brighter than past for victims of Neurological Disorders and Stroke by focusing on the journey ahead of research science and global networking for the same."

Stroke 2020 thanks Organizing Committee Members including the chair and Co-Chairs for Stroke 2020 and Brain Disorders 2020- Walter Bini, Chan Hong Park, Walid Attia, Muhammad Qazafi Memon, Giancarlo Guizzardi, John Sutcliffe, Anthony Hammond, Ali Fahir Ozer, Liz Karter, Xiu Liu, Pankaj Nishikant Surange, Malini Narayanan and Pier-paolo Mura who have so generously helped us make this event happen also to the support of Journal of Neurology and Neurorehabilitation Research & Journal of Brain and Neurology

After successful execution of Stroke 2020, we are happy to proclaim about the upcoming 10th International Conference on Neurological Disorders and Stroke.

Biography:

George Perry is currently the dean of the College of Sciences and professor of biology at the University of Texas at San Antonio. After graduation in Zoology from University of California, Santa Barbara, he headed to Scripps Institution of Oceanography and also studied at Hopkins Marine Station of Stanford University and the Marine Biological Laboratory of Woods Hole and obtained his PhD in Marine Biology in 1979. Dr. Perry joined the faculty of Case Western Reserve University in 1995, where he currently holds an adjunct appointment.
