

Collaborative Strategies to Fight Neurological Disorders

Jintang Wang

Beijing Geriatric Hospital, China

After the grand success of Neuroscience 2020, we welcome you afresh for the 8th International Conference on Neurology and Neuroscience slated on the dates April 7-8, 2021 as a Webinar.

This year we aim to incorporate every unattended sector related to Neurology and Neuroscience with the refreshing theme of “Unveiling the advances in the field of Neuroscience and Neurological disorders”

This year’s Neuroscience conference is your best opportunity to reach the largest assemblage of participants from around the world on a single platform. The event will provide a huge opportunity to showcase your research and receive recognition and certificates signed by our World-class eminent organizing committee at this 2-days conference.

Join us to enhance your experiences on the theme of the conference and catalyse the future exchange of knowledge to develop and celebrate a new, Neurological Disorder - FREE WORLD!

On behalf of the organizing committee, we welcome you to attend the 8th International Conference on Neurology and Neuroscience, scheduled as a Webinar on April 7-8, 2021, with the theme “Unveiling the advances in the field of neuroscience and neurological disorders”. This international meet anticipates hundreds of delegates including keynote speakers, oral presentations by renowned speakers and poster presentations by students besides delegates around the world.

This year’s neuroscience conference is a giant event that creates an ideal platform to share experts addressing current technologies involved in Neurology and Neuroscience. It will be a wonderful opportunity for all the delegates as it provides an international networking opportunity to collaborate with world-class Neurology associations.

Neuroscience 2021 aims to gather researchers, principal investigators, experts, and researchers working under academia and health care industry, business delegates, scientists and students across the globe to provide an international forum for the dissemination of original research results, new ideas, and practical development experiences. We hope that you will grasp this academic occasion to revitalize the enduring connections and flash with new peers around the globe.
