

## Explore Contemporary advancements in Neurology and Neuroscience

**Rajendra Badgaiyan**

Richmond University Medical Center, USA

We would like to thank all our wonderful keynotes, speakers, conference attendees, students, associations, media partners, exhibitors and guests for making Neuroscience 2021 a successful and splendid event. AAC hosted the event of 8th International Conference on Neurology and Neuroscience during the dates April 07-08, 2021 as Webinar. Benevolent response and active participation were received from the Editorial Board Members of supporting International Journals as well as from the leading academic scientists, researchers, research scholars, students and leaders from the fields of Neurology and Neuroscience who made this event successful. The conference was marked by the attendance of young and brilliant researchers, business delegates and talented student communities representing more than 18 countries, who have driven this event into the path of success. The conference highlighted through various sessions on current retroviral research. Neuroscience 2021 witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the fields of Neurology and Neuroscience.

The meeting was carried out through various sessions, in which the discussions were held on the following major scientific tracks:

- Dementia | Alzheimer Disease | Neurological Disorders | Neuro-oncology
- Neurogenetics | Neurosurgery | Neuro Radiology and Imaging | Neuro Immunology
- Neurodegeneration | Neurorehabilitation | Neurophysiology | CNS

The conference proceedings were carried out through various Scientific-sessions and plenary lectures. The conference was embarked with an opening ceremony followed by a series of lectures delivered by both Honourable Guests and members of the Keynote forum. The adepts who promulgated the theme with their exquisite talk were:

- Jo Brizland-Cullen | Ageless Grace Brain Health | UK
- Jintang Wang | Beijing Geriatric Hospital | China
- Lucia Pannese | Imaginary Srl | Italy
- Antonio Ascolese | Imaginary srl | Italy
- Ersida Buraniqi | Mayo Clinic | USA
- Alberto de Bellis | Maria Rosaria Maglione Foundation Onlus | Italy
- Aysel Guven | Bakent University | Turkey
- Schalow G | Tartu University | Estonia
- Tamara C McGill-Carter | Northwest Indiana Special Educa on Cooperave | USA

The attendees had a great time to interact and utilise the opportunity to network to the people from all around the world from the diverse field of Spine Research, orthopaedics and Neuroscience.

The conference had an efficacious echo of talks over the theme "Unveiling the advances in the field of Neuroscience and Neurological disorders"

After successful execution of Neuroscience 2021, we are happy to proclaim about the upcoming 8th International Conference on Brain Disorders and Therapeutics on September 15-16, 2021 at London, UK.

**Let's meet and explore the City of London - UK**
