### Past Conference Report

With the immense support of Organizing Committee, we successfully hosted the 13<sup>th</sup> edition of World Conference on Neurology and Neuromuscular Disorders was held in Frankfurt, Germany on October 1-2, 2018. The conference highlights the theme “Explore the New Technologies and Methodologies in Neurology and Neuromuscular Disorders”.

On behalf of Organizing Committee, we express our gratitude towards those who helped this conference to be successful one. We are very thankful to all the attendees, delegates, keynote speakers, plenary speakers, business partners, poster presenter, moderators, chair and co-chair from around the globe.

The conference gave the attendees a pleasant ride through the recent advancement and new technologies delivered for the human mankind and welfare. This conference was thankful to its moderators: Lionel O Mavoungou, University of Lausanne, Switzerland and Sankar Bandyopadhyay, Penn State College of Medicine, USA for their immense support to this conference. We would like to thank our Chair and Co-chairs for organising the sessions so well: Anita Gopesh, University of Allahabad, India; Kostas Konstantopoulos, European University Cyprus, Cyprus and Sanjeev Gupta, Banarsidas Chandiwal Institute of Physiotherapy, India.

The conference provided beautiful insights in the field of Neurology and Neuroscience by marking some remarkable speeches by the keynote speakers: Sanjeev Gupta, Banarsidas Chandiwal Institute of Physiotherapy, India; Sri Krishnan, Ryerson University, Canada; Walter Schubert, Toposnomos Ltd, Germany; and Kostas Konstantopoulos, European University Cyprus, Cyprus. The conference and the attendees were very pleased to have these personalities among themselves as they delivered wonderful speeches in their respective area of researches.

Organizers offers its gratitude to all Organizing Committee Members, Chairs and Co-chairs, Students, Speakers, Exhibitors, Media Partners and the board members of Journal of Neurology and Neurophysiology, Journal of Neurology and Neurosciences and Journal of Neurological Disorders who leads this conference towards success.

This conference was thankful to the venue H4 Hotel Frankfurt Messe, Frankfurt, Germany which helps us in every possible way to reach the goal to make this conference a remarkable one.

We are obliged to our Organising Committee Member Dr. Sanjeev Gupta, Banarsidas Chandiwal Institute of

Physiotherapy, India to be very supportive and active toward the conference and for being there in the hour of need.

In the continuation of the 13<sup>th</sup> edition of the conference, we would like to welcome you at the 14<sup>th</sup> International Conference on Neurology, Neuroscience and Neuromuscular Disorders and to host you in Tokyo, Japan on June 17-18, 2019 for this time.

We sincerely thank you and welcome you at the upcoming conference.

On the behalf of Organizing Committee, we extend our warm welcome to the entire participant for the “15<sup>th</sup> International Conference on Neurology, Neuroscience and Neuromuscular Disorders” in the month of November on 23-24, 2020 in the most loveable city of Rome, Italy. Neurology Conference 2020 has an intriguing theme “Scientific advancements and explorations in the field of Neurology and Neuroscience”.

We are very delighted to bring it in your notice Neurology Conference 2020 is the conference hosted and operated by the experts from around the globe having expertise in various area of Neurology and Neuroscience. This conference will bring eminent personalities, scientists, doctors, professors, associates, exhibitors, business persons, neurologists, neuroscientists, from the various corners of the world together under one roof to share their knowledge and research with each other to benefit one another and to utilize those researches and knowledge in good for Humanity.

As of today, Neurological disorders and problems are becoming fierce regarding this we have to come together and spread the knowledge and awareness among other and societies, so that we can fight and be mentally prepared to confront these diseases. Neurology Conference 2020 appeals to you to participate in this conference as much as you can by various means so that we can put your efforts in good faith.

Neurology Conference 2020 is organized by EuroSciCon Ltd, which provides various opportunities to get participated in this esteemed conference.

#### Opportunities at the conference:

- Keynote Speech
- Oral Presentation
- Video Presentation
- Poster Presentation
- Young Research Forum
- Student Poster Presentation
- Exhibition
- Sponsorship

- Delegate
- Collaboration opportunities
- Business networking

#### Why to attend?

Every time, this question clicks in every mind. Neurology Conference 2020 aims to bring the Neurologists, Neuroscientists, Doctors, Medical Practitioner, Psychiatrists, Neurosurgeons, Neuroradiologists, Business Face, Students, Post-doctorates and academic professional from various countries from the Earth to share what is there experience, study, research, knowledge and the products in the path of Neurological Disorders, their cure, diagnosis to develop various techniques and to use Neurogenetics and Neuroimmunology to design novel drugs and pharmaceuticals for good purposes.

Neurology Conference 2020 will provide an international platform to scientific, academic and other researcher to spread their knowledge worldwide. Some key points:

- Platform to showcase the research

- Workshops, Expo areas, Sessions
- Networking with colleagues
- Keynote speech by Professors and Eminent Personalities
- Educational Workshops
- Interaction with well-established companies in the world
- Having exposure to new technologies and advancements in the field
- And many more...
