

## 7th International Conference on Brain Disorders and Therapeutics

**Nandita Chaube and Krishna Priya VK**

Gujarat Forensic Sciences University, India

### Abstract

We would like to thank all of our notable dignitaries for presenting us the wonderful keynotes, speakers, conference attendees, students, associations, media partners and guests for making **Brain Disorder 2020** a successful and splendid event.

Allied Academies hosted the event of **7th International Conference on Brain Disorders and Therapeutics** during **February 28-29, 2020** at **Holiday Inn Rome Aurelia, Rome, Italy** with the theme *"Exploring the destiny of Brain Health"* Benevolent response and active participation was received from the Editorial Board Members of supporting International Journals as well as from the leading academic scientists, researchers, research scholars, students and leaders from the fields of Neurology, Neuroscience, Psychiatric and Brain Dynamic who made this event successful.

The conference was marked by the attendance of young and brilliant researchers, business delegates and talented student communities representing more countries, who have driven this event into the path of success. The conference highlighted through various sessions on Brain disorders research.

**Brain Disorder 2020** witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the fields of Brain Injury, Stroke, psychology and Brain Dynamic.

We are also obliged to various delegate experts, company representatives and other eminent personalities who supported the conference by facilitating active discussion forums. We sincerely thank the Organizing Committee Members for their gracious presence, support, and assistance towards the success of Brain Disorders 2020.

### Biography

Nandita Chaube is an Assistant Professor in the Institute of Behavioural Science at Gujarat Forensic Sciences University, Gandhinagar, Gujarat, India. She received her master's degree and doctorate in Psychology from Aligarh Muslim University. In addition to this she acquired P.G. Diploma in Guidance and Counselling from Annamalai University. She has been working as an academician for the past more than 7 years while simultaneously involved in active research which I have presented at many international and national platforms. She has done about 23 research publications in national and international journals and books as well. She has also got two books published in my name and one is about to release. My main research interests are in the areas of clinical, social, sleep, personality, parapsychology and forensic psychology etc. Her recent research areas include spirituality and psychotherapy, dreams, sleep and qualitative analysis of descriptive data. She has also kept the charge of Polygraph (lie detector) for 3 years and also internationally certified in Layered Voice Analysis.
