

Editorial Note for Journal of Translational Neurosciences

Received: April 10, 2020; **Accepted:** April 26, 2020; **Published:** April 29, 2020

The New Year promises many exciting developments for [Journal of Translational Neurosciences](#) (IPNBT). I am pleased to introduce IPNBT as rapid peer reviewed and an open access journal that makes significant contributions to major areas of Neurosciences. This journal helps many neuroscientists who are working in the field by presenting Clinical and Basic Research in Neurology and Neurosciences. I am pleased to announce that, all issues of volume 4 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2019.

The aim of this Journal is to produce high quality articles on related aspects of Neurology and Neurosciences, which can help patients suffering from Neuropsychiatric & Neurological disorders and Psychological treatments and moreover diminish the conditions related to neurosciences globally.

All published articles of this journal are included in the indexing and abstracting coverage of Google Scholar, JournalTOCs, China National Knowledge Infrastructure (CNKI), Secret Search Engine Labs.

Note for Journal of Translational
Neurosciences J Transl Neurosci
Vol.5 No.2:2

JournalTOCs, China National Knowledge Infrastructure (CNKI), Secret Search Engine Labs. Studies receiving funding from a funding organization that is included on the list of PMC and Research Funder Policies or authors having NIH grant were submitted to Pub Med. The journal is now getting indexed in different academic forums.

On behalf of the Board of the IPNBT and my co-editors, I am glad to present the successful journey of the journal upon the completion of five years milestone of establishment in 2019. During the year 2019, many articles were

rejected in the preliminary screening due to plagiarism or being out of the format and then accepted articles were subjected to the peer-review process and finally 13 articles were [accepted & published](#) volume 4 of journal. Globally, articles have been accessed by the research scientists and also cited.

Popularity of the IPNBT can be ascertained by the reader's interest, curiosity and support, which is estimated from the response we have been receiving from diverse geographical regions all across the world. This is further ratified by the [Google analytics](#) metrics that analyses and releases our reader's profile from time to time and the total numbers of page views are 40486. Moreover, the number of citations per year continues its robust rise as articles enjoy increasingly broad dissemination. All these are promising signs. Congratulations to all of our Editorial Board members, reviewers, authors and readers for achieving this distinction. Their valuable services towards publication of articles, and their valuable reviewer comments helped to publish quality article in the Journal.

In order to publish up-to-date, high-quality and original research, IPNBT aspires to coin a special issue-2020 on Corona virus disease pandemic. Therefore, Editorial Board members of IPNBT have decided to publish a special issue entitled as "[Neuroinvasion of corona virus](#)". The topics to be covered under this are

- Managing SARS-CoV-2 patients infecting nervous system
- Emergency plans for neural cell cultures of HCoV patients

- Diagnosis & treatment of HCoV patients associated with Multiple sclerosis
- Special safety precautions for patients whose human brain endothelial cells is infected
- Studies indicating neuroinvasion of these respiratory virus

Authors are cordially invited to submit their current research activities and outcomes in the form of any article type of science communication such as original research, review, expert opinion, commentary, short note communication to our Journal.

Manuscripts can be submitted online via [Editorial Tracking System](#) or as an E-mail attachment to the Editorial Office at transneurosci@peerreviewedjournals.com. IPNBT is using Online Review and [Editorial Tracking Systems](#) for quality review process and the authors can submit manuscripts and track their progress.

I take this opportunity to acknowledge the contribution of editor (Dr. Zhen-Zhong Xu) and Reviewers (Donatella Rita Petretto, Li-Pin Kao, Peter Mansfield, Guilherme Malafaia) during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of IPNBT in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of IPNBT, the office bearers for their support in bringing out yet another volume of IPNBT and look forward to their unrelenting support to bring out the Volume 5 of IPNBT in scheduled time.
