

Fostering Innovations in Brain Health

Ching-Kuan Liu

Kaohsiung Medical University, Taiwan

We would like to thank all of our notable dignitaries for presenting us the wonderful keynotes, speakers, conference attendees, students, associations, media partners and guests for making Brain Disorder 2020 a successful and splendid event.

Allied Academies hosted the event of 7th International Conference on Brain Disorders and Therapeutics during February 28-29, 2020 at Holiday Inn Rome Aurelia, Rome, Italy with the theme “Exploring the destiny of Brain Health” Benevolent response and active participation was received from the Editorial Board Members of supporting International Journals as well as from the leading academic scientists, researchers, research scholars, students and leaders from the fields of Neurology, Neuroscience, Psychiatric and Brain Dynamic who made this event successful.

The conference was marked by the attendance of young and brilliant researchers, business delegates and talented student communities representing more countries, who have driven this event into the path of success. The conference highlighted through various sessions on Brain disorders research.

Brain Disorder 2020 witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the fields of Brain Injury, Stroke, psychology and Brain Dynamic.

The conference proceedings were carried out through various Scientific-sessions and plenary Lectures. The conference was embarked with an opening ceremony followed by a series of lectures delivered by both Honourable Guests and members of the Keynote forum. The adepts who promulgated the theme with their exquisite talk and testimonials received from the Keynote speakers and workshop were;

Caterina Guiot | University of Torino | Italy
