

## Quick facts about Neurodisorders Congress 2020 | August 26-27, 2020 | Singapore

### Robert Brown

Professor, Department of Pharmacy, Tripoli University of Libiya, Libiya, E-mail: robertbrown55@gmail.com

Conference Series LLC LTD organizes events on Medical, Pharma, Engineering, Science, Technology and Business. Conference Series LLC LTD is the world's leading event organizer scheduled an event i.e. "26th Neurology and Neurodisorders Congress" [Neurodisorders congress 2020](#) during **August 26-27, 2020** at **Singapore**, where you can meet inspiring speakers and experts.

This conference mainly focuses on Neurology and Neurodisorders, Neurosurgery, Neuro-chemistry, Neuro Cardiology & Strokes, Progress in Neurology and developments in Neuroscience Department. The conference is based on the theme "[Neurology and Neurodisorders](#): Unravel the Intriguing Conception", focusing on research contributions and achievements.

### Expert Level

It is the most prestigious award of the conference and tagged as a Scientific Service Achievement award. The experts having more than 20+ years of experience in the related subject field are eligible for this award. The person should have a patent or well-established research in the field of Neurology and Neurodisorders 2020.

### Professional Level

It is one of the prestigious awards of the conference, Neurology and Neurodisorders 2020. The experts of Neurological Sciences having nearly about 10 years of experience are eligible to apply for this award. Part-time research experience would be counted as pro-rata. The experience will be calculated from the date when you received your (first) degree which will give you the title to join doctorate (in the country from where you obtained the degree or any other foreign country), even if the doctorate was never started.

### Scholar Level

The award is for the research students who are specialists in the field of Neurological Sciences. Neurology and

Neurodisorders 2020 would like to offer the best platform for such students to expand their network by sharing research knowledge at a stage through their enchanting speech. You can nominate deserving of the award online.

### Women Scientist

[Neurology and Neurodisorders 2020](#) cordially invites women scholars and scientists from different universities/industries to join the forum, providing a unique opportunity for the women scientist/researcher to present their research at an international podium. We are happy to encourage women scientist participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations.

### Outstanding Speaker

The award is recognizing individual who will present their projects, strategies, and schemes in the field of cancer that has been implemented to improve long-term excellence. The individuals will be judged based on their research, their presentation skills, etc.

### Best Keynote Speaker

The award recognizes the best keynote speaker who will present the research study which is mainly underlying the theme of the conference revealing the most important message of the event. If you were confirmed as keynote presenter by the Program Manager, you can nominate someone deserving of the award online.

### Best Poster

Poster competition is organized at the conference to encourage mainly the students and recent graduates to present their original research. This is also an enthusiastic award that will be awarded by the poster judge to the best poster presenter. The award(s) will be given to one or two or many which will be decided only by the poster judge of the conference. Conference Series aims to set a platform

for the upcoming scientists to present their real-time work and share their views and aspects related to Neurological Sciences.

### **Outstanding Thesis**

This award is recognizing for Masters/Ph.D./Post Doctorate thesis work presentations who will exhibit their research studies. This award is for the individual with best thesis which focussed on the topic and gives good idea for general audience related to Neurological Sciences.
